

# JAVIER PEREZ

Web developer

## About Me

As an experienced pastry chef who has transitioned into the world of development, I bring a unique blend of creativity and technical skills to the table. My journey from the culinary arts to coding has allowed me to think outside the box and approach problem-solving with a fresh perspective. I have honed my attention to detail and dedication to perfection in the kitchen, which now translates seamlessly into writing clean and efficient code. Passionate about creating delightful user experiences, I am eager to explore the endless possibilities in the tech industry. Adaptable and quick to learn, I am committed to continuous growth and making a positive impact through my work.
